

Electric Hinging Gates

Secure Your Entrance with Automated Gate Protection
Built for Convenience and Lasting Security.

Supplied to the site fully assembled with a welded crossbar from post to post. Standard spec includes automatic locking, 2 radio remotes, and 2 pairs of safety photocell beams.

Configured for 240V mains supply as standard. Solar generation available, see options. Included is a 2-year parts warranty and, 1-year labour warranty. Galvanised and powder-coated black as standard. Other colours are available.

Price includes setting up the automation following the groundworks. The groundworks are quoted separately depending on site conditions. Many customers chose to excavate and concrete the gates themselves. Assistance in positioning can be provided on delivery.
