Overview Of Installation Wifi, Data Points, Alarm and CCTV

Wurzel to install the following:

- Wall mount the existing kit in the kitchen to the wall.
- Bigger switch with more ports to support.
- Run a new data cable from the kitchen kit to the living room in conduit.
- Wall mount a wifi point as shown in the plan.
- Test wifi

This plan is for guidance only. If the engineers are able to identify a better location or route of installation on the day, this will be actioned.
